MEET OUR SELLERS

Living in a small town did not stop me from achieving my dreams. I became the first Amazon.in seller from Periyakulam, Tamil Nadu. I just create the shipment, load my goods on to a lorry, and send my employee to deliver it. If I were to only sell offline, buyers would come only from in and around Periyakulam. But because I sell online, I get buyers from even Kashmir to buy my goods. Today I get at least 1500 orders per month and I am satisfied with that.

- Rani Ravindran Silks, Kar - Wooden Toys

Looking at the diminishing demands in the local art and craft, I decided to uplift the life of handicraft artisans in Odisha. While still holding my full-time job in Noida, I set up an online store on Amazon.in. I understand from my experience and knowledge that Amazon.in is the best e-commerce website in the world. Amazon.in also gives better margins compared to other e-commerce websites. I can bring better revenue, better margin, and better profits to my artists and organization.
